### Lifetime Assistance, Inc. – Live-In Caregiver opportunity

*Exciting opportunity to share a home and life with people who have developmental disabilities!*

Among its many programs, Lifetime Assistance, Inc. offers a family care program in which individuals live at home and receive direct care services from compassionate people hired by the individuals and/or their families. In connection with that program, two people are being sought to be live-in caregivers for two ladies who have developmental disabilities.

In exchange for providing support and assistance, the caregivers will receive a monthly stipend, a place to live (including a separate bedroom, living room and bathroom), use of a vehicle for transportation for the ladies, and 20 hours of weekly staff assistance. Interested applicants **MUST** have an income source, and be able to support themselves. If employed currently, the hours cannot be a second shift or overnight. Additional responsibilities will include supporting the ladies as they participate in community activities, administering medications, using a variety of communication techniques, assisting with making and transporting to medical appointments, if needed. The live-in caregivers would be certified as Family Care providers and would be provided initial and on-going annual training at no cost as well as on-going support from a dedicated team. *If you are interested in this opportunity, or know of anyone (family, friends, or co-workers) who might be interested, please contact **Maria Rugg at Lifetime Assistance (585-784-3059) for more information***
